## What it Means to Work With a Cape Cod Real Estate Specialist

A REALTOR® who has achieved Cape Cod Real Estate Specialist Designation (CCRES) has distinguished themselves as a local real estate professional by completing a comprehensive program that combines real estate education, custom professional development training, and local community advocacy to enhance their knowledge of the Cape Cod market and further build their real estate skills. A member of Cape Cod & Islands Association of REALTORS® who has obtained their CCRES designation has resolved to hold themselves to a higher level of professionalism and maintain extensive local knowledge of the Cape Cod real estate market..

The CCRES designation is only open to those REALTORS® in good standing with Cape Cod & Islands Association of REALTORS® and Cape Cod & Islands Multiple Listing Service, who have been members for a minimum of three years, meet production requirements in our market area, and have no Code of Ethics violations in the past year.

Working with a Cape Cod Real Estate Specialist means that you are working with a REALTOR® who knows Cape Cod real estate inside and out, and who is committed to working every day to become a better advocate and partner for their clients.

## CCRES Core Elements

**High Level of  
Professionalism**

**Deep  
Local Expertise**

**Track Record of  
Client Success**

The CCRES Designation is not affiliated with or endorsed by the National Association of REALTORS®.
